Soya and Derivatives	*Present
Lupins and Derivatives	Absent
Peanuts and Derivatives	Absent
Nuts and Derivatives	Absent
Mustard and Derivatives	Absent
Sesame and Derivatives	Absent
Celery and Derivatives	Absent
Azo and Coal Tar Dyes	Absent
Irradiated Material	Absent

If traces are shown, these may arise as carryover from products containing them made on the same equipment.

***Genetic Modification:**

The following information is given to clarify the status of this product with respect to Council Regulations (EC) No 1829/2003 and 1830/2003. Under these regulations ingredients from GM sources of soya and maize must be identified on labelling whether or not there is any detectable GM protein or DNA in the ingredient. These regulations supersede previous regulations which did not require declaration if no GM protein or DNA was present.

Soya: *The Soya derivatives in this pack are not derived from Genetically modified sources.*

Maize *No Maize derivatives are deliberately added this pack, however it may contain traces from other products manufactured on the same equipment. All maize derivatives used are non GM from IP sources.*
